

Sic Bo Macau

Description

Sic Bo Macau is a table game played with three dice, in which the player bets on the throw of the dice. The player should decide the bet size and which wager to bet on. There is no limit to a number of bets made per roll, more bets - more chances of winning. All winning combinations are illuminated on the table. Following is an explanation of the basic rules and bets available.

Rules

The main object of the game is to wager on the outcome of the three rolling dice. Different chips are used to set the bet value, or the default bet value can be used. Choose the size of the chip, place the chip on the area of the table corresponding to the wanted bet. Click the roll button to see the outcome. Multiple bets for different amounts can be made on the same roll of the dice. If the bet exceeds the maximum payout allowed, the player will receive an on-screen message about the betting limit. Rebet mode is available. All winning combinations light up after the dice roll.

Betting

While playing Sic Bo various bets can be made. There are a lot of odds and payouts, ranging from 150-to-1.

Bet	Description
