Features

Wild/Scatter symbol. Substitutes for any symbols. Pays according to the payable independent of its position. 3 or more Scatter symbols dropped in one spin trigger Free Spins.

Free Spins. The feature is triggered by 3 or more Scatter symbols dropped in one spin. Initially the round consists of 10 spins. If 3 or more Scatters drop in one spin during the round the feature is retrigged. The number of retriggers is unlimited.

Expanding symbol. The feature is available only during Free Spins. An Expanding symbol is chosen at random out of all the symbols except Scatter. This symbol pays even on non-adjacent reels and expands to the whole reel in case it pays. Every retrigger of the feature adds one more Expanding symbol. The maximum number of Expanding symbols is 9.

Buy Bonus. A player can buy a round of Free Spins with a certain number of Expanding symbols. If a player changes the bet, the Buy Bonus price is changed automatically. The next spin after the purchase triggers the bonus game. The feature is disabled if the Buy Chance feature is active.

Chance x2. A player can buy a double chance to get Free Spins. The feature slightly increases the bet. The feature is disabled if the Buy Bonus feature is active.

Spin Results

- All symbols pay left to right on consecutive reels of an active payline.
- Coinciding wins on several active paylines are added.
- Payouts are made according to the payable.
- Payline wins are multiplied by the bet per line value, except for Scatter symbols.
- Note that only the highest win is paid on each of the active paylines.
- The spin can result in triggering Free spins. Free spins are played at the same bet and lines as the round activating these spins.
- Expanding symbols pay even on non-adjacent reels.
- In case a certain number of Scatter symbols pay, and winning combinations and the paying number of Scatter symbols drop in one spin, a player receives the win amount both for Scatters and for all the winning combinations.
