**Refilling.** After every spin winning combinations pay and all winning symbols disappear. The remaining symbols fall to the bottom of the screen, and the empty positions are replaced with new symbols coming from above. New symbols have the same size as the initial symbols of the spin. Refill will continue until no more winning combinations appear as a result of a Refill. All wins are added to the player's balance.

**Scatter symbol.** Can appear on any reels. 3 and more Scatter symbols trigger Free Spins.

**Free Spins.** 3 and more Scatter symbols trigger Free Spins round. Before the round starts a Wheel of Fortune determines a random number of Free Spins (from 5 to 15) and a multiplier (from x2 to x25) for all the winning combinations during the round. If 3 and more Scatter symbols drop during Free Spins, the feature retriggers. Every retrigger the Wheel of Fortune appears again and awards a random number of Free Spins and a random multiplier, the values of which are summed up with the current values. The number of retriggers is unlimited. When the total win in the Free Spins round achieves x6000 of the bet, the round stops and the win is paid to the player.

**Extra reel.** The slot has an additional horizontal reel on top of the reels. It gives more ways and increases a chance to get a win. The reel is filled with symbols right-to-left in contrast to the main reels.
